

US YOUTH SOCCER GIRLS ODP CAMP GENERAL INFORMATION

Welcome to 2008 US Youth Soccer Region IV Girls ODP Camp. This year we will be hosting camp at the University of the Pacific in Stockton, California. The University offers the ability to bring in a larger number of players at one time so we can shorten the length of time that our staff needs to work over the summer and releases the players back to their club teams. The location of the University also offers the ability of our teams to fly into other large airports that may accommodate additional flight times and better fees. We are really looking forward to our stay for the next month and believe that all the players will have a great ODP experience this summer. Please feel free to log on the University website and see the campus and information regarding the school at:
